## **RUF Dakar**

Welcome to Dakar: the ultimate luxury SUV from RUF.

Exterior and interior meet highest customer demands. The 911 headlights give a sporty automobile look to the Dakar, while the wide fenders and 22-inch five spoke wheels give it a powerful stance. The body kit is available for all Cayennes.

Front and rear cameras cater for an ideal panorama view. The passenger compartment is characterized by elaborately made genuine leather equipment, which does not only impress with precious material, but also with a new seat design. A high end multimedia system with TV reception, internet access and CD/DVD changer fulfill highest demands and needs. The Dakar with V8 turbochargers boasts 600 HP (441 kW) at 6,000/min, maximum torque is 890 Nm at 3,000/min, acceleration 0 – 100 km/h is 4.8 seconds. Suspension and brake systems have been adjusted to the high demands, ceramic brakes are available on request.
