Packages

	SKY	SKY Red Line
Premium Trim Includes leather seat inserts; steering wheel with audio controls; stainless steel pedal covers and metallic-finish sill plates.	\$750	N/A

1. Manufacturer's Suggested Retail Price. Tax, title, license, retailer fees and optional equipment extra. Each retailer sets its own price.

Styling

	SKY	SKY Red Line
18-inch painted flangeless alloy wheels	STD	N/A
18-inch polished flangeless alloy wheels	N/A	STD
18-inch chrome-plated flangeless alloy wheels	\$795	\$545
Goodyear Eagle RSA P245/45R18 96V performance all-season radial tires	STD	N/A
Goodyear Eagle F1 GS2 P245/45R18 96W performance radial tires	N/A	STD
Turbo Cat- Back exhaust system	\$975	\$975
Polished aluminum exhaust tip	STD	N/A
Dual polished aluminum exhaust tip	N/A	STD
Bright-finish door handles	STD	STD
Clamshell hood The SKY's clamshell hood is sheet hydroformed to achieve its unique lines and contours. A nod to classic sports car design, the hood hinges at the front.	STD	STD
Hydroformed hood and rear quarter-panels Thanks in part to an innovative process that uses high pressure water to shape its hood and quarter-panels, the SKY's exterior lines are sleek, sculptural and head-turning.	STD	STD
Black headlamp bezels Black headlamp bezels only add to the SKY Red Line's mystique.	N/A	STD

Piano-black accents

Piano-black finishes give the SKY's interior an even more polished look. Includes piano-black center console, instrument cluster, door trim and parking-brake-handle accents.

STD

STD

Decklid spoiler

The available rear spoiler gives the SKY an even sportier look.

\$350

\$350

Silver fender vent accents

Tucked behind the front fenders, the Red Line's vents look especially sleek in silver.

N/A

STD

Stainless steel pedal covers

Metallic pedal covers and sill plates are ready for maximum use.

PKG⁽²⁾

STD

Red Line gauges

The Red Line's speedometer and tachometer are backlit for especially easy viewing.

N/A

STD

Unique Red Line embroidery

Red Line badge embroidery on the floor mats and leather seatbacks visually sets the Red Line apart (part of available leather seat inserts).

N/A

OPT

Unique front grille treatment

The Red Line's front grille design enhances airflow to both the engine and front brakes.

N/A

STD

1. Manufacturer's Suggested Retail Price. Tax, title, license, retailer fees and optional equipment extra. Each retailer sets its own price.

2. Available on the base SKY as part of the Premium Trim Package, \$750.

Comfort**12-volt power outlet**

Keep your electronic accessories fully charged and ready to go. The 12-volt power outlet keeps cell phones, laptops and MP3 players doing their duty.

SKY

STD

SKY Red Line

STD

Adjustable steering column

Get comfortable behind the wheel with tilt steering, which allows you to adjust the steering column to you.

STD

STD

Air conditioning

Even with the top down, the air conditioning can help you stay cool on hot summer days.

STD

STD

Cargo-area lamp

The cargo light turns on every time you open the trunk, so you can easily find whatever you need.

STD

STD

CD/MP3 player with AM/FM stereo and six speakers

This CD player with AM/FM stereo comes with an auxiliary input jack to accommodate an external MP3 player. The stereo also features a digital signal processor to enhance sound quality.

STD

STD

Monsoon® audio system

This premium 225-watt Monsoon system boasts seven

\$395

\$395

speakers including a separate subwoofer, so you get great sound out of both the CD/MP3 player and the AM/FM radio. The system also includes speed-compensated volume, which automatically adjusts as you accelerate and decelerate, and a Music Navigation feature so you can sort MP3s by artist or album for easier access to your favorite tunes. Finally, a built-in auxiliary jack allows you to hook up to an external MP3 player.

Six-disc, in-dash CD/MP3 player (requires Monsoon® 225 watt 7 speaker audio system)

\$295

\$295

XM Satellite Radio⁽²⁾

XM Satellite Radio – rock to classical, jazz to country, and everything in between commercial free. Whether you want to be entertained or informed, to laugh, think or sing, XM has the perfect channel for you coast-to-coast, and in digital-quality sound. Visit www.gm.xmradio.com for details.

STD

STD

Cloth convertible top

The SKY's easy-to-operate manual cloth top folds completely into the trunk to maintain the clean lines of the car.

STD

STD

Cruise control

STD

STD

Cupholders

With two stowable cupholders between the seats as well as one on the passenger-side front console, the SKY has plenty of spots for your beverages.

STD

STD

Driver visor vanity mirror

STD

STD

Floor mats

Carpeted floor mats are custom-fitted to your SKY. They're easy to clean and color-coordinated.

STD

STD

Glass rear window

The SKY's rear window is glass, so it won't turn yellow or crease like plastic.

STD

STD

Leather seat trim

Leather seat inserts with contrast stitching are just another refinement of the SKY's interior.

PKG⁽³⁾

\$475

Leather-wrapped manual shift knob

PKG3

PKG3

Leather-wrapped steering wheel

Good-looking and good for something, the SKY's leather-wrapped steering wheel includes buttons for easy access to cruise control and the Driver Information Center.

STD

STD

Map lights, driver and passenger

STD

STD

Power door locks with delayed locking and programmable lock/unlock

With delayed locking, if you press the lock button on the key remote, the SKY will wait to lock the doors until they're both closed. The programmable lock/unlock feature lets you choose whether the horn chirps and/or the lights flash when you press the appropriate button on your key fob.

STD

STD

Power exterior mirrors

STD

STD

Power exterior mirrors allow you to adjust your rear view with just the touch of a button.

Power windows with driver-side express down

STD

STD

Rear window defogger with manual shutoff and timed reset

STD

STD

On not-so-nice days, the rear window defogger helps maintain visibility. And with manual shutoff and timed reset, your window will continually clear for as long as you need it to.

Reclining bucket seats with accent stitching

STD

STD

Remote keyless entry

STD

STD

For easy entry and speedier getaways, you can unlock your Saturn's doors from up to 100 feet away.

Retained accessory power

STD

STD

Just because you've brought your SKY to a halt doesn't mean your favorite song has to end. With retained accessory power, the power in your SKY keeps going for as long as 10 minutes after you've removed the key from the ignition, or until the driver's door is opened.

Sound-insulated roof

STD

STD

The cloth roof's interior is lined with sound-insulating material to reduce wind and road noise for a quieter ride.

Steering wheel with Driver Information Center and cruise control

STD

STD

For easy access, the buttons for cruise control and the Driver Information Center are conveniently located on the steering wheel.

Storage compartments

STD

STD

For organized and easy stowing, the SKY has several storage compartments, including an enclosed bin between the seats, pockets behind the seats and on the front of the seat cushions, and a lockable glove box.

1. Manufacturer's Suggested Retail Price. Tax, title, license, retailer fees and optional equipment extra. Each retailer sets its own price.

2. XM is available only in the 48 contiguous United States. Service fees extra. Visit gm.xmradio.com for system details. Requires optional AM/FM stereo.

3. Available on the base SKY as part of the Premium Trim Package, \$750.

Performance

	SKY	SKY Red Line
<p>173-horsepower, 2.4-liter, DOHC, Dual VVT, 16-valve, 4-cylinder engine with twin balance shafts</p> <p>The SKY's torque-heavy, 173-horsepower 16-valve engine has ample power for maximum fun. The engine also features VVT on both the intake and exhaust.</p>	STD	N/A
<p>260-horsepower, 2.0-liter, DOHC, Dual VVT, 16-valve, turbocharged, intercooled, 4-cylinder engine with direct injection and twin balance shafts</p> <p>The SKY Red Line's 260-horsepower, Dual VVT (intake and exhaust), direct-injected engine was built to perform. Its turbocharger maximizes power while the engine's</p>	N/A	STD

intercooler improves performance and efficiency.

Aluminum and steel chassis

The SKY's chassis was purpose-built out of aluminum and steel for a strength-to-weight ratio that's designed to give you optimized roadster performance.

STD

STD

Driver Information Center

You'll know when your trunk is ajar and when your fuel is close to "E". The digital message center tracks and keeps you informed about the SKY's key operating system features.

STD

STD

Digital turbo-boost gauge

Part of the Driver Information Center, the turbo-boost gauge lets you see the Red Line's power as you experience it.

N/A

STD

Electronic throttle control

The SKY's throttle is computer-controlled, providing a precise response to the driver's pedal input.

STD

STD

Five-speed manual transmission

The SKY's Aisin 5-speed manual transmission with short-throw shifter comes with a self-adjusting clutch to help it maintain consistent operating effort over its lifetime.

STD

STD

Five-speed automatic transmission

\$925

\$925

Four-wheel disc brakes with ABS and dynamic rear proportioning

Four-wheel disc brakes with ABS, dynamic rear proportioning, and brake assist.

STD

STD

Four-wheel independent SLA suspension with coilover Bilstein monotube shocks

The SKY's suspension offers up a comfortable yet solid ride, responsive handling and confidence-inspiring control. It also helps keep you, the driver, in tune with the current road conditions.

STD

STD

Performance suspension tuning

Built to perform, the Red Line features larger stabilizer bars, stiffer springs and sport-specific shock tuning.

N/A

STD

Front and rear hollow stabilizer bars with ball-joint links

Front and rear hollow stabilizer bars are lightweight yet strong. Attached to the lower control arms with ball-joint links, the stabilizer bars contribute to the SKY's flat cornering and precise driver control.

STD

STD

Hydraulic power assisted rack-and-pinion steering

Hydraulic power-assisted rack-and-pinion steering helps the SKY respond accurately yet comfortably for intuitive road feel and control.

STD

STD

Hydroformed frame rails and stamped steel chassis

The full-length hydroformed frame rails, enclosed driveshaft tunnel and stamped steel chassis add strength and rigidity to the SKY for responsive handling and a solid ride.

STD

STD

Limited slip differential

A limited slip differential helps the SKY get the most out of

\$195

STD

every inch of the road by helping to maximize power transfer to the driving wheel with the most traction, especially on curves and in slippery conditions.

Front brake cooling vents

Hidden behind the front fascia, these vents channel a cool breeze directly to your front discs for more effective braking.

Oil-life monitor

When your oil has lost 90% of its usable life, the SKY lets you know.

Rear-wheel drive

Classic rear-wheel drive design contributes to the SKY's true roadster performance.

Short-throw shifter

The SKY's short-throw shifter makes changing gears super fast, minimizing the break in power to the road and allowing you to get your hand back on the wheel.

Stainless steel high-flow exhaust system

Variable Valve Timing (VVT)

VVT is an advanced engine technology that alters the timing of both the intake and exhaust valves, allowing the SKY's engine to maximize available horsepower and torque while helping to reduce emissions and improve fuel economy.

Direct injection

This advanced engine technology delivers gasoline directly to the combustion chamber, helping maximize power and improve fuel economy. An EPA estimated 22 MPG city, 31 highway.

Warning chimes for headlamps on, key in ignition, parking brake on, low fuel, and turn signal left on

Safety

Automatic projector-beam headlamps

When the SKY's headlamp system senses low natural lighting, the lights illuminate automatically. And since they're projector-beam headlamps, they provide wide, even coverage.

Battery run-down protection for interior and cargo area lighting

If you accidentally leave your interior lighting on for an extended period of time, your SKY automatically shuts it off to preserve battery power.

Daytime running lamps

See and be seen with daytime running lamps, which are activated every time you set in motion. They reduce the likelihood of an accident by making your car more visible on the road.

SKY

SKY Red Line

STD

STD

STD

STD

STD

STD

Dual-stage driver and front passenger air bags with Passenger Sensing System⁽²⁾.

In a moderate crash, air bags that are designed to deploy in a single stage have a higher risk of injuring a passenger. The SKY's air bags reduce that risk by responding with one of two levels of force, based on the severity of the impact. The SKY is also equipped with the Passenger Sensing System, which automatically turns off the front passenger air bag based on the passenger's weight and position on the seat.

STD

STD

Emergency trunk release handle

A glow-in-the-dark handle allows someone to release the latch from inside the trunk in the event of an emergency.

STD

STD

Energy-absorbing instrument panel

In the event of a crash, the SKY's instrument panel is designed to absorb some of the impact energy.

STD

STD

Energy-absorbing steering column

In the event of a crash, the SKY's steering column is designed to absorb some of the impact energy.

STD

STD

Engine-immobilizing theft-deterrent feature

The SKY comes standard with PASS Key III™+, a system that uses radio frequency technology to match the proper key to your car. Without a match, the car won't start, deterring would-be thieves.

STD

STD

Front and rear crumple zones

Every Saturn has crumple zones to help absorb the force of front- or rear-end collisions, and direct them away from the passenger compartment.

STD

STD

Front safety belts with pretensioners and energy-absorbing retractors

With pretensioners and energy-absorbing retractors, the SKY's safety belts are ready to perform in the event of a crash. When the system detects a collision, the pretensioner's advanced pyrotechnics trigger to tighten the belts in the first fractions of a second, reducing safety belt slack to help keep both driver and passenger properly restrained.

STD

STD

Maintenance-free battery

One less thing to worry about. The SKY's battery is maintenance-free.

STD

STD

OnStar® Accident Assist⁽³⁾

Get step-by-step guidance about what to do in the event of an accident (First year standard with Safe & Sound Plan. Available with Directions & Connections Plan)

STD

Projector-beam foglamps

Projector-beam foglamps shine light through a precisely-formed lens that helps distribute the beam more evenly for improved visibility.

STD

STD

Side-impact door beams

STD

STD

High-strength steel door beams elevate your sense of security on the road.

StabiliTrak stability control

StabiliTrak provides increased vehicle control by continuously monitoring the car's steering angle, individual wheel speed, brake pressure, lateral acceleration and yaw rate. The information is then used to compare the direction the driver is steering with the vehicle's actual path, so the system can make the necessary corrections to help the driver keep the vehicle on the path being steered.

STD

STD

Tire inflator kit

Includes an air compressor and tire sealant.

STD

STD

1. Manufacturer's Suggested Retail Price. Tax, title, license, retailer fees and optional equipment extra. Each retailer sets its own price.

2. Always use safety belts and proper child restraints, even with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat in an appropriate infant, child or booster seat. See the Owner's Handbook for more safety information.

3. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and system limitations and details.

4. Remote door unlock success varies with conditions.

5. Ability to locate stolen vehicles varies with conditions.

6. Available on 2004 MY & newer GM models equipped with the GM Oil Life System. Diagnostics not available on 2008 Saturn Astra. Diagnostic services vary on Saturn VUE, Ion and L-Series. For details, call 1-888-4-ONSTAR (1-888-466-7827) or press your blue button.

7. Antilock braking system and Directions & Connections plan required. Not available in certain areas. Visit onstar.com for coverage map.

8. OnStar Hands-free Calling requires a Hands-Free Calling enabled vehicle, existing OnStar service contract and prepaid minutes or enrollment in a shared minutes plan. Not available in certain markets. Calls may be made to the U.S. and Canada only.
